CONFIDENTIAL

4 July 1954

Dear Bob:

I mentioned to you by telephone that I hoped to have an opportunity to talk with you about the space requirements at the Pentagon of the National Indications Center (NIC) before you acted on certain recommendations which I understand are being forwarded to you from the JCS. As we did not have a chance to discuss the matter at the last OCB Meeting, possibly we should get together at your convenience when this matter comes before you.

I believe there is no question as to the importance of giving adequate facilities to the NIC in view of the part that it should play in the Early Warning setup in government. The basic question is one of space rather than one of funds.

Sincerely,

*Allen W. Dulles*
